Peralta Community College District

Annual Program Update Template

Final Version: May 20, 2016

Introduction and Directions

The Peralta Community College District has an institutional effective process which consists of the following components: a District-wide Strategic Plan which is updated every six years; Comprehensive Program Reviews which are completed every three years; and Annual Program Updates (APUs) which are completed in non-program review years. While there are individualized Program Review Handbooks for Instructional units, Counseling, CTE, Library Services, Student Services, Administrative units, and District Service Centers, there is one Annual Program Update template for use by everyone at the colleges which is completed in the Fall semester of non-program review years.

The Annual Program Update is intended to primarily focus upon planning and institutional effectiveness by requesting that everyone report upon the progress they are making in attaining the goals (outcomes) and program improvement objectives described in the most recent program review document. The Annual Program Update is therefore a document which reflects continuous quality improvement. Additionally, the Annual Program Update provides a vehicle in which to identify and request additional resources that support reaching the stated goals (outcomes) and program improvement objectives in the unit's program review.

Throughout this document, the term "program" is used to refer to all of these terms: discipline, department, program, administrative unit, or unit.

The following items are required in order to complete the Annual Program Update document at the colleges:

- The most recently completed comprehensive Program Review document.
- Any comments or feedback provided during the program review validation process.
- College Goals
- Institution Set Standards (Institutional Standards that are reported annually to ACCJC)
- College Institutional Effectiveness Indicators (reported to the State Chancellor's Office annually)
- College SSSP plan
- College Equity Plan
- College Basic Skills Plan
- PCCD Strategic Goals and Annual Institutional Objectives
- Data profiles which include but are not limited to disaggregated demographics (age, gender, ethnicity, special populations), enrollment, productivity, student success metrics (retention, completion, etc.), and comparisons of Distance Education versus face-to-face classes.

IV. Equity

• Please review the student success data for your program and comment upon it. Do performance gaps exist in the student success or achievement rates for disproportionately impacted students, including African-American, Hispanic/Latino, Filipinos/Pacific Islanders, foster youth, veterans, students with disabilities or other groups not listed here? If differences exist, please detail the differences and describe the activities your program is making to address the differences? How will your program evaluate the effectiveness of these activities?

Difference in performance rates are not related to race, disabilities or other groups.

• Please review the SSSP plan, Equity plan, and Basic Skills plans at your college. How does your program address or participate in the information and activities presented in these plans? Are there resources available in these plans that can be utilized by your program or the students accessing your program?

Students are made aware that help exists by the placement of several flyers with The Workshop Series and tutoring sessions that are available. Teachers directed attention to these workshops.

V. Curriculum and Assessment Status

• What curricular, pedagogical or other changes has your department made since the most recent program review?

Text book change in Spanish offering students a more economical option tied to online as well as in-class learning. Partially hybrid courses offered in Spanish. (20% and 50%) We also offer a student workshop once a week for students who need help. It is poorly attended despite advertising.

• Were these changes based on assessment of student learning outcomes at the course or program level? Please identify the assessment. If s. If assessment was not used, describe the basis for the change. For example, Title 5 requirements, certifications requirements, etc.

The new Spanish text included a more updated cultural content which was needed to address SLO #3 assess in 2015/1016

- Attach a summary depicting the program's progress on assessment of course and program level outcomes (SLOs and PLOs). Please evaluate your program's progress on assessment. What are the plans for further assessments in the upcoming academic year? Please include a timeline and/or assessment plan for the future.
- SLO's are up to date and 100% completed for the 2015/2016 year. The 1st SLO will be assessed for the 2016/2017 year.
- What does your program do to ensure that meaningful dialogue takes place in both shaping and assessing course and program level outcomes? Where can one find the evidence of the dialogue?
 - There are no PLO's because there is no program in our department. Budget cuts have prohibited the additional classes needed to obtain a degree.
- Describe your plans for improvement projects based upon the assessment results. Attach evidence (the assessment report from TaskStream, departmental meeting notes, or the assessment spreadsheet showing these results).
 - On the 2015/2016 SLO assessment more than 70% of students passed the SLO exit exam with a score of 70% or better thus meeting the required criteria for meeting a successful performance for SLO #3, cultural competence. This is the case for all languages offered. The numbers showed improvement over previous yearly assessments.
