

# Welcome to Program Review

College of Alameda - 2019

**COMM** - Instruction

**Program Review** 

# **Program Overview**

### Please verify the mission statement for your program. If your program has not created a mission statement, provide details on how your program supports and contributes to the College mission.

**Mission Statement** 

Communication focuses on how people use messages to generate and interpret meaning in different contexts, cultures, channels, and media. Communication skills are among the top qualities employers look for in job candidates. The mission of College of Alameda is to serve the educational needs of its diverse community by providing comprehensive and flexible programs and resources that empower students to achieve their goals. The Communication Department directly supports this mission by helping students learn why people interact the way they do while improving their own verbal, nonverbal, and written communication skills.

Program Learning Outcomes

Upon completion of this program a student will be able to: -Build greater competence in interpersonal, small group, and public communication. -Express ideas and viewpoints with greater clarity. -Develop conflict management and leadership skills.

Program Total Faculty and/or Staff

### Full Time

Jennifer Fowler

### Part Time

Ralph Marinaro Ashlie Andrew Jimmy Cato Kwesi Wilson Shirley Brownfox Brielle Plump Zeraka Mitchell

The Program Goals below are from your most recent Program Review or APU. If none are listed, please add your most recent program goals. Then, indicate the status of this goal, and which College and District goal your program goal aligns to. If your goal has been completed, please answer the follow up question regarding how you measured the achievement of this goal.

Continue SLO assessments and stay current every year. This will allow our department to meet accreditation standards.

Status

If Completed, What evidence supports completion of this goal? How did you measure the achievement of this goal?

### In-Progress

### College Goal

Strengthen Data-driven / informed decision making

### District Goal

Build Programs of Distinction

Expand the number of courses offered. This will allow our department to increase our reach and number of degrees awarded.

| Status<br>Completed   | If Completed, What evidence supports completion of this goal? How did you measure the achievement of this goal?<br>We created COMM35A Forensics Activity to support our yearly speech tournament on campus. We have also<br>consistently offered COMM19 and 6 for the last two years which we did not previously offer. |
|---|---|
| College Goal  |   |
| Advance CoA teaching and learning                                 |   |

|   |   |
| Build Programs of Distinction                                     |   |

### Describe your current utilization of facilities, including labs and other space

The Communication Department utilizes "smart classrooms" on campus equipped with an interactive whiteboard, digital projector, and document camera.

# **Enrollment Trends**

College Level - Program and Department comparison

O Chart

Back to report CENSUS ENROLLMENT AND PRODUCTIVITY BY YEAR AND CAMPUS

Using the Enrollment Trends dashboard filter to your college and subject area. Reflect on the enrollment trends over the past three years. How does the enrollment trend for your program compare to the overall college trend? What factors could be attributing to this trend?

Enrollment trends in Communication significantly exceed the college's enrollment trends. From Fall 2016 - Spring 2019, College of Alameda's three year productivity average was 14.8. Communication's was 18.9. Although our productivity has gone down from 20.94 in 2016-2017 to 16.98 in 2018-2019, this reflects the college, district, and region's overall decrease in Community College enrollment.

### Describe effective and innovative teaching strategies used by faculty to increase student learning and engagement.

Communication faculty are on the cutting edge of technology. Communication consistently teaches 3 online/hybrid courses every semester utilizing the latest tools in Canvas, such as Zoom. Instructors use elements of service learning, including a study abroad program to Ghana to engage students.

### How is technology used by the discipline, department?

See above.

### How does the discipline, department, or program maintain the integrity and consistency of academic standards with all methods of delivery, including face to face, hybrid, and Distance Education courses?

Some of the methods used to maintain integrity and consistency of academic standards may include, but are not limited to:

-The option to use plagiarism detection software such as Turnitin.

-Curriculum centered around sound use of evidence, avoiding fallacies, and proper source citation.

-On-campus faculty supervised assessments when possible.

-Leveraging library instruction, tools, and databases.

# **Instruction - Assessment**

### Student Learning Outcomes Assessment

List your Student Learning Outcomes. SLOs are specific, measurable statements of what students will know, be able to do, or be able to demonstrate when they complete a course. An SLO focuses on specific knowledge, attitudes, or behaviors that students will demonstrate or possess as a result of instruction.

| Course<br>COMM 045 - Public Speaking | Student Learning Outcomes (SLO)<br>Compose different types of speeches, including<br>informative and persuasive speeches. | Last date Assessed<br>5/17/2019 | Planned Assessment Date | Attachments |
|--------------------------------------|---|---------------------------------|-------------------------|-------------|

How has your department worked together on assessment? Provide examples on collaboration, leadership, planning exercises, and data analysis. What aspects of assessment work went especially well in your department and what improvements are most needed?

Department Chair collaborates with part-time instructors to gather assessment data and reflect on results. No improvements are identified for the process at this time.

### What were the most important things your department learned from assessment? If implementation of your action plans resulted in better student learning and/or changes in curriculum, detail the results

Students should be assessed throughout the course, not just at the end. Instructors have started incorporating feedback surveys in the beginning, middle, and end of courses to get timely feedback on learning performance.

# Give us an update on your Program Learning Outcomes (PLOs). A complete program assessment means all PLOs have been assessed for that program. Attach any evidence, i.e. reports from Task Stream or Curricunet Meta.

We have not assessed PLO's yet. We will engage in conversation about what that might look like in the future.

Does your department participate in the assessment of multidisciplinary programs? No

If Yes, Describe your department's participation and what you learned from the assessment of the program that was applicable to your own discipline.

Not applicable.

Does your department participate in your college's Institutional Learning Outcomes (ILOs) assessment? Yes

### If Yes, Please describe your departments participation in assessing Institutional Learning Outcomes.

ILOs are mapped on course outlines of record and considered in developing SLOs and PLOs.

What support does your department need from administrators, assessment coordinators and/or your campus assessment committee to continue to make progress in assessment of outcomes and implementation of action plans?

Ongoing compensation for adjunct instructors to play a larger role in assessment.

In the boxes below, please add improvement actions and resource requests that are directly related to the questions answered in this section. If there are no improvement actions or resource requested in this area, leave blank.

### How do the course completion rates for your program or discipline compare to your college's Institution-Set Standard for course completion?

The college's institution-set standard for course completion is 66%. The Communication Department's completion rate over the last three years averaged at 77%, which is considerably above the college's set standard.

### How do the department's Hybrid course completion rates compare to the college course completion standard?

The data dashboard does not separate online versus hybrid courses. See answer below for a discussion on course completion rates in distance education courses.

# Are there differences in course completion rates between face to face and Distance Education/hybrid courses? If so, how does the discipline, department or program deal with this situation? How do you assess the overall effectiveness of Distance Education/hybrid course?

The online course completion rate for Communication is 77%, which is beyond average. Faculty make adjustments to online courses based on assessment results and feedback from students.

### Describe the course retention rates over the last three years. If your college has an Institution-Set Standard for course retention, how does your program or discipline course retention rates compare to the standard?

The three year retention average in Communication is 87%. We were not able to locate the Institution-Set Standard. However based on the data provided above, the three year retention average for the college as a whole was 77%. Communication is significantly above the college's retention rate.

### What has the discipline, department, or program done to improve course completion and retention rates?

Some instructors have experimented with giving students exit surveys in each course, especially online classes in Canvas. This gives the department a method of getting feedback from students in between faculty evaluation periods.

# **Degrees and Certificates**

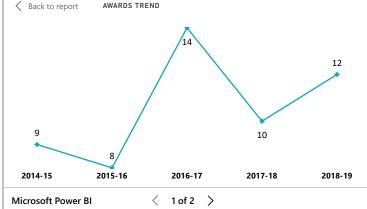

College Level - Program and Department comparison

Chart

AWARDS TREND

LAST REFRESH:11/13/2019, 10:30:45 AM

What has the discipline, department, or program done to improve the number of degrees and certificates awarded? Include the number of degrees and certificates awarded by year, for the past three years.

In the 2016-2017 academic year there were 14 degrees awarded, in 2017-2018 there were 10 degrees awarded, and in 2018-2019 there were 12 degrees awarded. The department has made a more conscious effort to offer at least one or two courses in each of the required areas for the COMM major so it is easier for students to complete their entire degree at College of Alameda. Previously, the COMM department was only offering three or four courses across the entire department total so students had to enroll in classes at the other Peralta colleges too fulfill the requirements of their degree.

### Over the next 3 years, will you be focusing on increasing the number of degrees and certificates awarded?

Yes

### What is planned for the next 3 years to increase the number of certificates and degrees awarded?

Much of the work our Department has started with Guided Pathways will help us increase the number of degrees awarded. Not that we have a two-year schedule planned out, it will help us plan scheduling better for our department to ensure students can get the courses they need during the semesters they need them.

In the boxes below, please add improvement actions and resource requests that are directly related to the questions answered in this section. If there are no improvement actions or resource requested in this area, leave blank.

## Engagement

Discuss how faculty and staff have engaged in institutional efforts such as committees, presentations, and departmental activities. Please list the committees that full-time faculty participate in.

Among the committees faculty members have served on include: -College of Alameda Academic Senate -District Academic Senate -College of Alameda Distance Education Committee -District Distance Education Committee -Canvas Trainer -Program Review Taskforce -College and District Hiring Committees -Guided Pathways Cohort 2 -Club Advisor for the American Association of University Women

### Discuss how faculty and staff have engaged in community activities, partnerships and/or collaborations.

Our Department works closely with the League of Women's Voters of Alameda to sponsor a high school speech tournament on campus every year. Next year we plan to loop College of Alameda Communication Department students in as judges. We also collaborate with the American Association of University Women to sponsor guest speakers and events on campus.

### Discuss how adjunct faculty members are included in departmental training, discussions, and decision-making.

They are invited to department meetings, SLO assessment, flex day, and to participate in departmental decison making such as scheduling.

In the boxes below, please add improvement actions and resource requests that are directly related to the questions answered in this section. If there are no improvement actions or resource requested in this area, leave blank.
